THE NORWEB COLLECTION:

When Great Collections Are Sold, Bowers and Merena Sells Them!

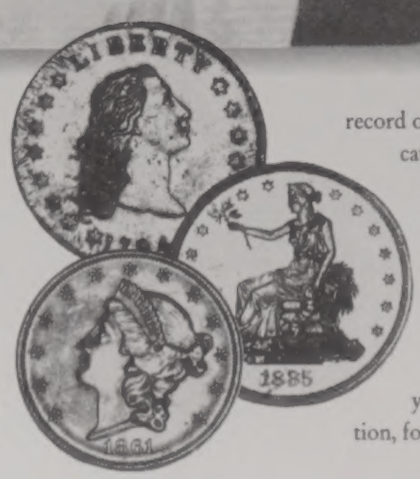

THIS LOVELY PORTRAIT IS Emery May Holden at the age of 13, approximately the same age when she began coin collecting, a hobby which she shared with her father. Also featured are highlights from the magnificent collection of Ambassador and Mrs. R. Henry Norweb. Albert Fairchild Holden, industrialist and philanthropist, acquired and preserved the finest specimens from leading collections of his day. Upon his death, this superb cabinet passed to his daughter Emery May, who in due course became Mrs. R. Henry Norweb.

MRS. NORWEB expanded the collection considerably, buying from Virgil Brand, leading dealers, and others, sometimes purchasing collections intact to acquire just a few choice pieces. By the time of her passing, the collection ranked as one of the most important ever assembled, including memorable rarities from colonials to $20 gold, with emphasis throughout on superb quality.

WHEN THE TIME CAME to sell this magnificent collection, The Norweb family, (including R. Henry Norweb, Jr. and Libby Norweb) consigned their collection of U.S. coins to us. When the event was concluded, the coins realized $20,000,000—*over twice* the pre-sale estimate!

THE NORWEB COLLECTION stands today as the second most valuable collection of U.S. coins ever sold at auction (exceeded only by our sale of the Garrett Collection for The Johns Hopkins University, for $25,000,000). The Norweb family continues to be active in numismatics, and R. Henry, Jr. is now completing an illustrious term as president of the American Numismatic Society in New York.

OVER THE YEARS we have sold hundreds of millions of dollars worth of coins for over 10,000 consignors, ranging from important private cabinets such as the Norweb Collection, to institutional collections such as those of The New York Public Library and many others.

WHEN THE TIME comes for you to sell, there is one obvious choice—Auctions by Bowers and Merena Inc. Of the top ten world's record prices for American coins, we hold six—more than all of our competitors *combined*. Further, of the three most valuable United States coin collections ever to cross the auction block, we catalogued and sold all three.

WHETHER YOUR collection is worth several thousand dollars or several million dollars, we look forward to working with you. We offer an unequaled record of success, award-winning "Grand Format™" catalogues with preparation by some of the world's best known numismatic professionals, and showcasing to our worldwide mailing list.

YOUR TELEPHONE CALL to Dr. Rick Bagg, our Director of Auctions, will bring our immediate response. There is no obligation—just the *opportunity* to sell your individual coins, or your complete collection, for the very best market price.

USING YOUR 1995 NUMISMATIC DEALER DIRECTORY

Your **1995 NDD** provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name and by company name (CAPITALIZED). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under **J**, look for "JULIAN M. LEIDMAN, MD" to find the company name, state, & telephone number; and 2) Under **L**, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *1-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the *first* name**. For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "**J**". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers were sure that this directory would be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the **1995 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues.

PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the **1995 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **1995 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The **1995 NDD** listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the **1995 NDD**, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The **1995 Numismatic Dealer Directory** has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is ***not*** an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

Celebrating our 50th Year in 1995!

Sell your coins to LITTLETON!

David Sundman, President
ANA LM #4463, PNG #510

We buy single pieces to entire estate collections, AG-3 to MS-65, from early U.S. to modern coins.

As one of the nation's largest coin retailers, Littleton is always in need of a wide range of coins to satisfy our customers. Each year, we spend millions of dollars for U.S. coins in grades of AG-3 to MS-65, from early U.S. coins to modern issues.

Over 100,000 collector customers bought more than 3 million coins from us last year!

If you have coins to sell, from individual pieces to large estate collections, why not consider the buying power of our more than 100,000 customers from all 50 states. They represent a vast variety of collecting interests – from AG coins to early Bust and Seated coinage, 19th Century proofs and great American rarities (one customer recently bought *three* 1856 Flying Eagle Cents from us)!

Our needs are extensive, our buy prices are highly competitive, and we welcome the opportunity to purchase your coins.

Chief Buyer Jim Reardon and Buyer Butch Caswell

Let's Just Skip The Hype, OK?

You've heard it all before. Claims such as, "No one pays more," "Immediate and unlimited funds to buy any size deal," "Our vast clientele requires that we spend a trillion dollars each day"..... You get the idea. Reasonable intelligence can discern between the truth and the reality of these claims. Simply put, if every dealer claiming to pay top dollar lived up to that claim, the majority of them wouldn't be in business.

At Maben & Associates, we realize that long-term business relationships are built on trust, not status, and that trust is earned through consistent, fair, and honest dealings. We are eager to buy coins but never forget that special attention to satisfy the seller's needs must be given in every transaction. As a dealer, whether you are part-time or a full-time shop owner, it is important to choose carefully when selling in the wholesale market place. If you've never sold coins to Maben & Associates, please consider the following:

- John Maben, owner of Maben & Associates, is a full-time numismatist with 17 years of varied industry experience. He is a recognized grading expert in the commonly traded areas of U.S. Coins.
- Bigger isn't always better. Your business, large or small, is our #1 priority. Every transaction starts and ends with the same person. Our checks are always good, and our word is even better.
- We buy a wide range of U.S. coins, all grades, both certified and raw. Our specialty is U.S. Gold, and while we would love to buy your Gem High Relief $20, we will gladly buy your XF $2.50 Indian or your AU Commemoratives. We'll buy just about anything except low end bulk and modern issues.
- Occasionally, we may not be able to agree on price. Your coins are returned promptly and you will never incur a shipping charge in either direction. Better yet, if we are reasonably close to agreeing on a price, with your permission we will take your coins on consignment for a period of time that you specify and see that they receive maximum exposure to other potential buyers.
- We recognize the importance of doing two-way business. We will gladly service your want list by actively pursuing the coins you need. If we locate an item on your list we'll sell it to you at a reasonable price.
- It's your choice. We hope that you will consider Maben & Associates the next time you are wanting to sell.

The World's Most Important Coins Are Graded by PCGS...Are Yours?

Why are the world's most important coins graded by PCGS?

Because when a discriminating collector goes to the ends of the earth to select the finest known coins for his collection, you can bet he's going to insist on having those coins graded by the most respected and reliable third-party grading service in numismatics — the Professional Coin Grading Service.

But regardless of the size or significance of your collection, we know the importance you place on your coins. We grade each and every coin with equal care — regardless of value or pedigree.

And like the coin pictured here, your personal numismatic masterpieces deserve to benefit from the strict, unwavering grading standard upon which PCGS has built its reputation.

Like the beauty of this coin, PCGS's grading standard has withstood the test of time — and the rigorous demands of the rare coin marketplace — because PCGS's standard remains constant through all market conditions.

PCGS represents professional integrity and grading accuracy to coin buyers and sellers throughout the rare coin community. Time and again, more professional coin dealers, the finest auction houses, the country's most noted collectors, and the coin-buying public depend on PCGS to grade their important coins. The confidence they have shown in our product proves that PCGS is the grading service of choice!

PCGS's grading staff is renowned for its expertise and is comprised of many lifetimes of experience in all facets of numismatics. Assigning the proper grades to our customers' coins has always been our first priority.

And nowhere is PCGS's ongoing commitment to consumer protection and satisfaction more evident than in its cash-backed Guarantee of Grade and Authenticity.

PCGS grades coins from the United States and more than 80 foreign countries. We offer a variety of super-fast turn-around and economy services starting at only $15 per coin. Contact the PCGS customer service department at 1-800-447-8848 for a free list of PCGS authorized dealers nationwide who can assist you in determining which services are right for your coins.

So whether your numismatic masterpiece is worth $50 or $500,000, your coins deserve to be graded by PCGS because every coin we grade is an important coin.

Certified Coin Dealer newsletter

CERTIFIED COIN DEALER newsletter

A New Year, An "Old Market"
Hobby Future Lies With History

The ***Certified Coin Dealer newsletter ("Bluesheet")***, published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, PCI, INS and NCI. Published weekly, the ***"Bluesheet"*** reports the highest known bids on actively traded certified coins in the standard grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the leading services. Bids for PCGS and NGC are reported every week; Bids for other services are updated monthly. And once each month the **CCDn** also contains the ***Asksheet*** listings - at no extra charge!

Over the past nine years, the certified market has been very active. The volatility that characterized the sight-unseen market has been replaced by more stable price movements, attracting a new generation of collectors. As our **CCDn CMI** (a weekly ***Bluesheet*** feature) illustrates, the overall market is stabilizing. In addition to pricing changes in the market, Bid levels may differ considerably from one service to another.

The ***Bluesheet*** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, pricing changes are an enduring characteristic of the coin market. Bids can increase or decrease dramatically; without current market information, making informed buying or selling decisions is impossible. You need the ***Bluesheet*** now!

NEED TO MAIL?

Need to contact America's leading numismatic dealers? Make your advertising and postage dollars count with America's best dealer listing. The company name and numismatist sections of the

are available for rental. Since the Directory is fully copyrighted, this is your only source for this proven list of approximately 5,000+ current names and addresses. And **current** is a promise taken seriously - the data base is updated **daily**. All for only $325 - well below the mailing industry standard of $75/thousand.

To make this offer even more attractive, labels are available in both First Class - Zip Code order or Presorted for Third Class - Basic Bulk Rate mailings (you can save more than $425 over First Class postage rates!). Need just one state or region? Need a trial sample? Contact us for details!

There's only one...

There's only one Steve...

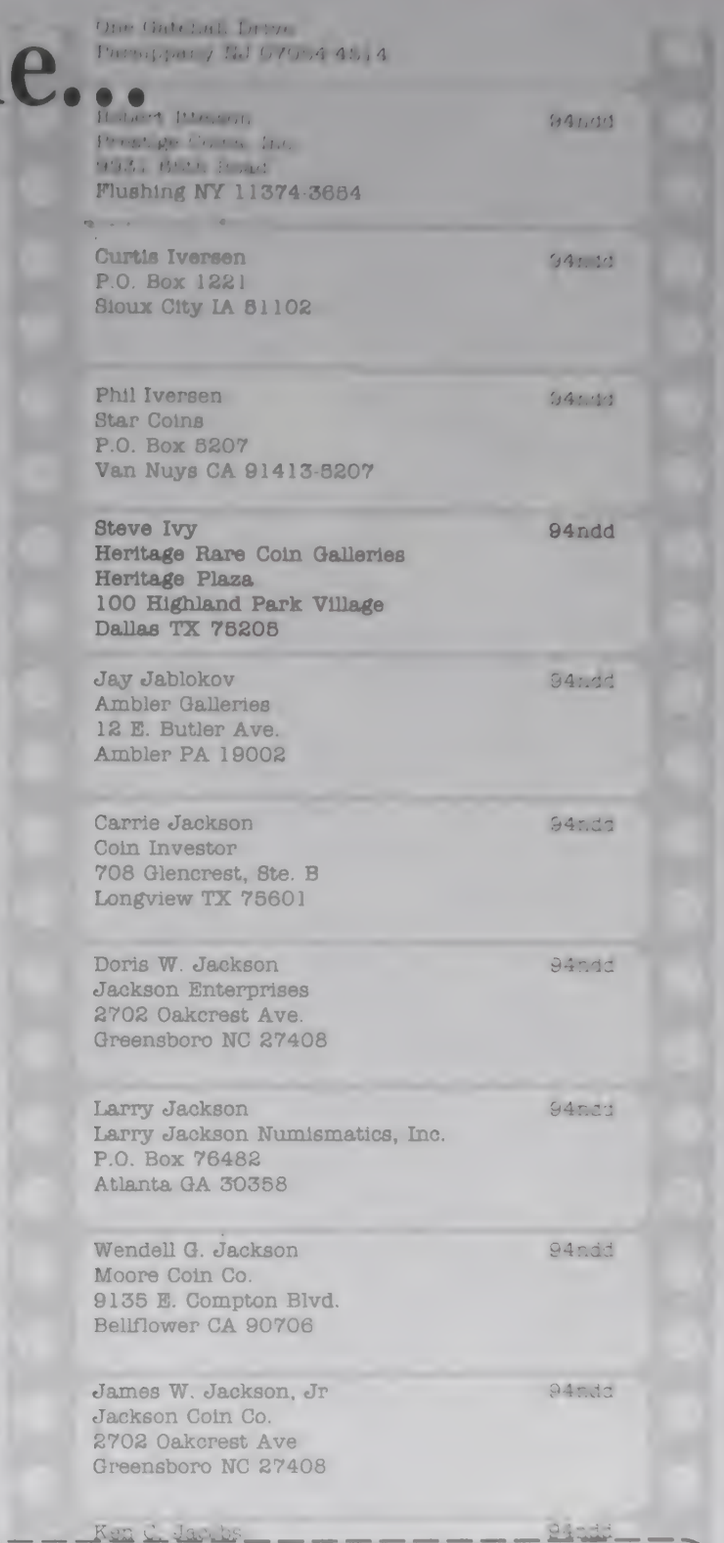

There's only one Steve Ivy, and as one of America's most respected numismatists, he is easy to find - on the bourse or at Heritage. But when you need to mail to him as well as the more than 5,000 other numismatists in America, you will quickly discover that

There's only one source...

There's only one source for the most complete, most accurate, and most up-to-date listing of dealers in America, and that's the **1994 Numismatic Dealer Directory**. Our current NDD list is available for rental, and at only $325, is well below the price normally charged for specialized lists. When you want to mail to every dealer in the NDD (or just the dealers in California, or the Mid-Atlantic states), you will soon discover that

There's only one practical way to mail...

There's only one practical way to mail to every dealer in the NDD, and that's to buy labels from the source. Why? We know how long it takes to type 5,000+ labels, but even more important, our labels will be up-to-date. We know how many changes occur *after* the NDD is printed, because we update our database every day! You want your mailing to be delivered, because returned mail generates no profits. And you can choose between First-Class and Third-Class mailing rates. Contact us for details.

THE COMPREHENSIVE U.S. SILVER DOLLAR ENCYCLOPEDIA®

By JOHN W. HIGHFILL

Recipient - Numismatic Literary Guild's 1992 Extraordinary Merit Award

★★★★ *Excellent!*

"By far the most significant book ever produced to focus on Silver Dollars. A landmark, awe-inspiring, phenomenal work - certainly the most remarkable compendium of the decade."

Scott A. Travers - Author, "The Coin Collector's Survival Manual"

This book was created especially for numismatists of all ages and callings. It is full of the energy and knowledge of John Highfill and a gathering of the finest talent that the industry has to offer.
The "special" guest authors who have united with Mr. Highfill to produce this work are providing a masterpiece which will reside in the libraries of all serious collectors, dealers and enthusiasts alike. These talented and knowledgeable individuals have each contributed the best of their experience, intuition, and wisdom to provide the best encyclopedia of the U.S. Silver Dollar ever produced.

This "masterpiece" will include chapters such as:
EXCLUSIVE! The Continental-Illinois Bank Deal, an inside story of this major hoard from two main dealers that handled it.

- The sight-unseen electronic coin exchange which handles thousands of buy/sell transactions annually.
- The insights on how rare coin auctions work. From some of the industry's leading authorities.

The Coin Dealer Newsletter

has been serving dealers for (please check):

___32 Years
___19 Years
___4 Years

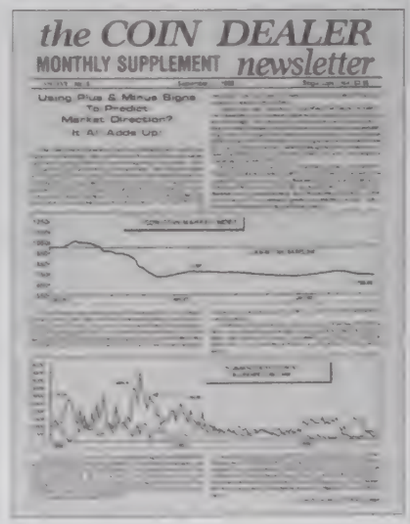

If you checked all three choices, you are correct. The ***Greysheet***, as most numismatists know, was started in 1963, and has been the market's leading (and only!) source of current, wholesale pricing information since then. Over the decades, the listings have been tremendously expanded and improved to provide subscribers with the most *accurate* market information that money can buy.

But the ***Greysheet*** is more than just the *weekly* **CDN**. The **CDN Monthly Supplement** has been an important part of our subscription package since 1976, with its monthly listings of so many important series by date. And starting in 1992, the **CDN Quarterly** now brings **CDN** subscribers full date, multiple-grade listings on every regular issue U.S. coin not already covered in the weekly and monthly issues. Imagine, every U.S. coin now receives our *independent*, *unbiased* attention, all so that you can make informed buying and selling decisions.

Let's Just Skip The Hype, OK?

You've heard it all before. Claims such as, "No one pays more," "Immediate and unlimited funds to buy any size deal," "Our vast clientele requires that we spend a trillion dollars each day"..... You get the idea. Reasonable intelligence can discern between the truth and the reality of these claims. Simply put, if every dealer claiming to pay top dollar lived up to that claim, the majority of them wouldn't be in business.

At Maben & Associates, we realize that long-term business relationships are built on trust, not status, and that trust is earned through consistent, fair, and honest dealings. We are eager to buy coins but never forget that special attention to satisfy the seller's needs must be given in every transaction. As a dealer, whether you are part-time or a full-time shop owner, it is important to choose carefully when selling in the wholesale market place. If you've never sold coins to Maben & Associates, please consider the following:

- John Maben, owner of Maben & Associates, is a full-time numismatist with 17 years of varied industry experience. He is a recognized grading expert in the commonly traded areas of U.S. Coins.
- Bigger isn't always better. Your business, large or small, is our #1 priority. Every transaction starts and ends with the same person. Our checks are always good, and our word is even better.
- We buy a wide range of U.S. coins, all grades, both certified and raw. Our specialty is U.S. Gold, and while we would love to buy your Gem High Relief $20, we will gladly buy your XF $2.50 Indian or your AU Commemoratives. We'll buy just about anything except low end bulk and modern issues.
- Occasionally, we may not be able to agree on price. Your coins are returned promptly and you will never incur a shipping charge in either direction. Better yet, if we are reasonably close to agreeing on a price, with your permission we will take your coins on consignment for a period of time that you specify and see that they receive maximum exposure to other potential buyers.
- We recognize the importance of doing two-way business. We will gladly service your want list by actively pursuing the coins you need. If we locate an item on your list we'll sell it to you at a reasonable price.
- It's your choice. We hope that you will consider Maben & Associates the next time you are wanting to sell.

WHY the Coin Dealer newsletter *family of publications* remains the UNDISPUTED PRICING LEADER

The Broadest Source of Information...

Our comprehensive (and often exclusive) sources of trading information allow the CDN to report coin market activity in the most thorough manner possible. Our senior staff monitors **all** daily teletype buying and selling messages; we carefully evaluate sight-unseen and sight-seen Bids and Asks on all computer systems, auction results, private treaty sales between dealers (often unpublicized), and every other source of wholesale pricing information. Our dealer-to-dealer Bid & Ask levels are thoroughly and realistically researched—giving our subscribers all of the facts needed to make informed buying and selling decisions!

The Assurance of Accuracy...

The CDN does not buy or sell coins, nor do staff members. Here the advantage to subscribers is obvious! Since the CDN has no "position" in the market, it is able to report price changes in a frank and unbiased manner.

The Reliability of Independence...

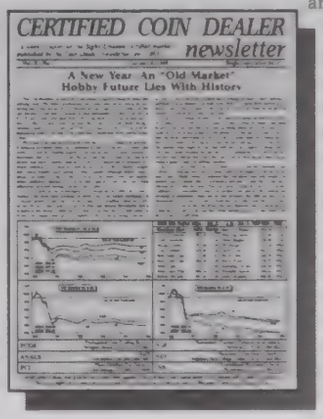

The CDN does not use the "Panel of Experts" approach. Although our contact with dealers, big & small, is constant, we do not simply use prices submitted by any dealer or group of dealers. Logic dictates that this approach would not be in the best interest of our subscribers. 'Input' from dealers is certainly important — but must be carefully weighed against all our other sources of dealer-to-dealer trading information.

The Most Complete Market Coverage Available...

Our publications cover the ***entire*** coin market, not just 'selected issues'. Subscribers to the CDN receive the weekly ***Coin Dealer newsletter*** (the "*Greysheet*"), featuring up-to-date information on the most important and fast-moving market segments. At no extra charge, they also receive the ***CDN Monthly Supplement***, providing pricing in all tradeable grades of complete series listed by date (i.e. all Barber coinage), and the ***CDN Quarterly*** (one section is issued every month). Every regular issue U.S. coin is accurately priced; tens of thousands of prices are updated monthly!

Subscribers to the ***Certified Coin Dealer newsletter*** (the "*Bluesheet*") receive weekly reports of the most important PCGS and NGC certified coins trading in the wholesale marketplace. Additional pricing supplements every month cover PL Morgans, Early Gold, Better Date Issues, Matte Proofs, Standing Lib Quarters, Franklin Halves, and St. Gaudens $20s. Once each month we cover selected issues certified by ANACS, PCI, INS, and NCI as well. And now, once a month, the "*Bluesheet*" also includes Ask & Trade prices; your buying and selling decisions require this information, found only in the CCDN—and all for the same low price.

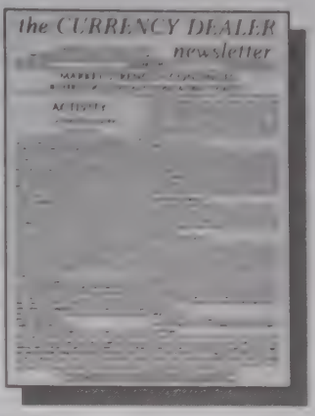

Currency dealers and collectors all turn to the ***Currency Dealer newsletter*** (the "*Greensheet*") for the wholesale prices needed to actively participate in the joys of collecting paper money. Large & small sized U.S. issues are covered, in multiple grades — all the way from VG to Gem CU. This is the market's only source for dealer-to-dealer pricing information.

In-Depth Analyses & Market Comment...

All of our publications give you more than just pricing charts — we also feature market analysis through our regular columns and special guest features, charts, graphs and indices. Need a thorough examination of a certain series? We have probably covered it! Our analyses have long been hailed as the definitive studies of the areas covered.

Experience Still Counts for Everything...

The CDN has reported on coin market activity ***for more than 32 years***, and our senior staff shares ***more than a century*** of professional numismatic experience. This unparalleled experience places the CDN in the unique and enviable position to accurately evaluate the enormous volume of information received each week from all sources. Looking for consistency? The CDN's *very first* pricing analyst (in 1963) is one of the owners—and still pricing!

Lowest Cost & Best Service...

Price is important—especially these days. Subscribers to the CDN receive 75 issues for their yearly $98; that's a little more than a dollar per valuable issue. *Bluesheet* subscribers receive 51 weekly issues plus all of the Supplemental charts for only $117 annually — and receive for free the Asksheet prices that previously cost $45! You can save the cost of an entire year's subscription on your first purchase or sale — why risk making an uninformed decision in this volatile market?

Reliability is Critical...

The CDN began publication in 1963; we are now in our 33rd year of providing our subscribers with market information that is reliable, accurate, independent & timely. Imagine, **timely delivery every week for more than thirty-two years!** This is certainly a record by any standard, and one that we intend to keep intact. Any price you get elsewhere will be less than you deserve — even when their pricing sections are based on our CDN prices, they will still be weeks out of date before they begin to even think of publishing! Anything less is of little use to participants in the market who need to keep pace with ever-changing prices.

If Your Local Dealer Can't Be Without His *CDN family*, How Can You?

Take a look around! You will find that every dealer refers to our family of publications — as they have for over thirty-two years!

Every Numismatic Library
needs copies of the latest addition to the
COIN DEALER newsletter
family of publications:

the Backsheet

Now that we have your attention, we really haven't started an additional newsletter — but your library should include **Back Issues** of our publications. Back issues are available two ways:

Or, you can purchase ***complete sets*** of back issues for really dramatic savings:

from June 14, 1963 to December 23, 1994, now includes 1608 issues.
At $1.50 each this would normally cost $2416, but a complete set is only ..... $1550.

Complete set of the monthly **CDN Monthly Supplement** (formerly called the Monthly Summary)
from August 1976 to December 1994, now includes 220 issues.
At $1.50 each this would normally cost $330, but a complete set is only ..... $225.

Complete set of the **CDN Quarterlies**
from January 1992, to December 1994, now includes 36 issues.
a complete set is only ..... $30.
